Share your feelings about any services/programs, that you would like to see in the library- we would also love hearing about any great fundraising ideas you may have!

Would you like to volunteer? We could really use your help with. . .

- Fundraising- Contact Marilyn Grua; email:

Or if you have professional experience with building, technology, architecture, landscaping, carpentry, computer programming, green energy options, etc. We would appreciate you as a "quorum" member! If it is possible, we would really like to include our library film, and the Community Meeting power point presentations on this web page, as well.

Thank you, Mayor Marshall, for your continual support!
